

## PROJECT PROFILE

<i>Name:</i>	Seaforth Resort, Alexandra Headlands
<i>Owner:</i>	Oaks Hotel and Resorts Group
<i>Client:</i>	ReiverNet
<i>Project Description:</i>	Supply and installation of multi mode fibre and Cat5e backbone to compliment the existing infrastructure to facilitate broadband to the rooms.
<i>Site Location:</i>	Mooloolaba, Queensland
<i>Value at Completion:</i>	\$ 52,200
<i>Year Completed:</i>	2007
<i>Referees:</i>	Kim Tukian Client Manager ReiverNet Ph: (02) 9924 0288

The project involved providing broadband to 176 rooms within five towers.

The existing infrastructure was upgraded with minimal disruption to the resort clients.

Project involved;

- Conduit and fibre runs to each tower
- Backbone upgrade
- Fibre terminations
- Installation of patch panels and outlets.
